

**Lexia Reading Core5 Pilot Program
For Children 5 – 8 Years of Age
Presented by the City of Memphis
Division of Parks and Neighborhoods**

Parents, thank you for signing your child up for Memphis' Lexia Reading Core5 Pilot Program. Once you submit the attached form, your child's reading coach will set up an informational meeting with you and then your child will be on their way to a fun reading experience.

Lexia Reading Core5 is a computer based program that has helped millions of students. The activities in Core5 support and build on classroom curriculums and focus on developing reading skills in six areas: phonological awareness, phonics, structural analysis, fluency, vocabulary, and comprehension.

Here's how Lexia Reading Core 5 works:

- Your child begins Core5 at a starting point that fits his or her needs and works in online activities throughout the week.
- Online activities include direct instruction and feedback as your child learns new skills.
- Paper-and-pencil activities are also used for practice and may be done in our center or brought home.
- Achievement certificates may be sent home to celebrate success and to show progress in the program.

We hope you share in our excitement about this program!
