

Q&A's for RFQ #3003 for Demolition Services

1. What is meant by a "tree lawn"?

Tree lawn is the area around any tree on a lot including but not limited to landscape boxes, timber, plastic, debris etc.

2. What are the insurance requirements for the equipment ?

Other than the General Liability, Auto and Workers Compensation, there is no other insurance required on equipment.

3. Is it necessary to submit a social security number if you have a Federal I.D. number?

No , the federal number is sufficient.

4. Will the city be able to expedite the cut offs and permit process in order to meet the demolition deadline?

The time does not start until we give the Light, Gas, and Water cut-offs to the contractor.

5. What is the process in the event a contractor was called upon to demolish a house but is too busy at the time and has to decline the offer given to him?

The offer will be noted on that contractor's list and would be given to the next contractor in line for an offer to demolish.
