RE: Consent Decree for City of Memphis WCTS
Civil Action NO. 2:10-cv-02083-SHM-dvk
Continuing Sewer Assessment Program

Mr. Ammons,

Enclosed please find a copy of the Continuing Sewer Assessment Program (CSAP) for your review and approval. The plan has been revised per the USEPA letter to the City of Memphis dated June 5, 2014. In order to facilitate review, the revision is being provided with track changes. Upon your approval, we will finalize the document and forward a copy to you. Also, per your conversation with Paul Patterson, a copy of the National Association of Sewer Service Companies (NASSCO) Pipeline Assessment Certification Program reference manual, version 6.0.1 – November 2010 is provided with this letter. The manual is solely being provided for your reference and general information since NASSCO requires anyone utilizing their classification criteria to be NASSCO trained.

Once you have reviewed the documents and are to approve the revised CSAP, please let me know. At that point there is a procedural issue we would like to discuss with EPA pertaining to the final approval process.

If you have any questions, please contact me at 901-636-7131.

Sincerely,

Bobby D. Allen, P.E.
