FOR IMMEDIATE RELEASE

August 20, 2012

Memphis Animal Services to Have Augmented Operation Schedule during Training

Memphis Animal Services (MAS) staff members will be in Chameleon * training August 22 – 24. This training will result in an augmented operational schedule due to limited number of available field staff. MAS will be open for adoptions from 1 – 5 p.m. August 22 – 24th. Officers will still respond to injured animal calls and MPD/animal cruelty calls. The facility will also be closed to animal intake at that time.

Chameleon is the software system which inventories animals serviced by MAS.
