**H. Total Shelby County solid waste:**

	<u>2004 Tons</u>	
All waste to BFI landfills	1,322,472	
Outside (region) waste disposed in Shelby Co	254,172	(-)
Shelby Co. waste landfilled <i>in</i> Shelby Co.	1,068,300	
Shelby Co. waste landfilled <i>outside</i> Shelby Co	281,720	(+)
<u>Total tons of Shelby Co. Class I waste landfilled</u>	<u>1,350,020</u>	65%
Total tons of mulch/compost/Class III/IV waste	492,312	
*Tons of waste recycled	250,579	
<u>Total Shelby Co. solid waste diverted</u>	<u>742,891</u>	35%
Total Shelby Co. waste generated	2,092,911	100%

\* Unable to totally quantify the tonnage of recyclables generated, processed or sold. There are a large number of recycling generators in Shelby County and only a few generators report their volume. Many companies in Shelby County ship their recyclable materials directly to processors without the board's knowledge. Also, without knowing all recycling businesses and the customers of each recycling processor, the volumes can easily be duplicated, thus distorting the actual total volume. Figures shown is what was reported.
