

**JIM STRICKLAND  
MAYOR**

**EXECUTIVE DIVISION**

October 25, 2019

Mr. Michael W. Rallings, Director  
Police Services Division  
170 N. Main Street, Room 1201  
Memphis, TN 38103

Dear Director Rallings:

We have performed the procedures detailed below, which were agreed to by the Property and Evidence (P&E) Disposition Review Team (DRT), regarding the final disposition of confiscated firearms. The firearms were destroyed on October 24, 2019. Our primary objective was to determine if the firearms selected for destruction were properly authorized. A secondary objective was to provide reasonable assurance to interested parties that P&E personnel performed due diligence prior to destroying the firearms. Lastly, our objective was to provide reasonable assurance that all confiscated firearms were actually destroyed.

The DRT is responsible for the selection and due diligence review of all firearms to be submitted to criminal court for disposal approval. The selected firearms were included on an inventory list prepared by DRT and provided to us for attestation purposes.

Based upon our procedures, the firearms listed on Court Order P45956 were properly authorized and destroyed. For 100% of the confiscated firearms selected for destruction (407 firearms), we agreed information from the DRT inventory list to each specific firearm. We reviewed, on a sample basis, documentation that showed due diligence had been performed prior to destroying the items. We also reviewed and compared a sample of firearms contained in the court order to the final DRT inventory list to ensure accuracy. Lastly, we witnessed the transportation and final destruction of all the firearms. We noted no material discrepancies and no further action is needed.

This agreed-upon procedures engagement was conducted in accordance with generally accepted government auditing standards and attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of P&E management and therefore auditors provide no assurances regarding the sufficiency of the procedures performed.

These agreed upon procedures do not constitute an audit of the P&E firearms destruction process, the objective of which would have been the expression of an opinion on the compliance of the DRT with applicable policies, procedures, laws and accreditation standards. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters may have come to our attention that would have been reported to you.

This report is intended solely for the information and use of City officials and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

We appreciate the cooperation of P&E management and staff during our engagement. If we can be of further assistance, please advise.

Sincerely,

Catrina McCollum, CFE, CICA, CMFO  
Project Manager

**APPROVED:**

Debbie Banks, CFE, CICA, CMFO  
City Auditor
