

## City of Memphis Student Loan Reduction Program – FAQs

### PROGRAM DETAILS

#### **Q. What is the City of Memphis Student Loan Reduction Program?**

A. The City of Memphis is proud to provide student loan debt assistance to employees who have obtained or are in the process of obtaining a degree from an accredited institution, have outstanding loans, and meet program eligibility requirements. Through the Student Loan Reduction Program, the City of Memphis will contribute \$50 per month towards a participant's principal portion of outstanding student loans.

#### **Q. How much is the loan reduction contribution?**

A. The City of Memphis will make payments of \$50 per month towards an employee's outstanding student loans. This amount is in addition to the monthly payment that the employee will continue to make.

#### **Q. Is this contribution taxable?**

A. Yes. The monthly loan payment made by the City of Memphis will be considered taxable income and will be subject to federal, state, FICA, and local withholding taxes. Payments made by the City of Memphis through the Student Loan Reduction Program will be included on the employee's Annual Wage Statement, Form W-2.

### ELIGIBILITY

#### **Q. Since the City of Memphis will contribute to my loan now; can I stop making my monthly payment?**

A. No. Program participants are still responsible for making their minimum monthly payments. The monthly benefit payments paid toward an employee's outstanding student loans are intended to be additional payments to aid in the reduction of the principal and cannot be used in place of the employee's monthly payments.

#### **Q. What loans qualify for contributions through this program?**

A. The following student loans are eligible to receive monthly benefit payments from City of Memphis:

- ✓ Federal or private loans
- ✓ Subsidized or unsubsidized loans
- ✓ Loans accumulated from an undergraduate or graduate degree program

All student loans must be in the name of the employee who is participating in the program and cannot be past-due, delinquent, or defaulted in order to be eligible for benefit payments. This benefit payment is

intended to reduce the principal of the employee's outstanding student loans. Participating employees are still responsible for making their minimum monthly payment.

**Q. I have a ParentPLUS loan. Is that eligible for a contribution?**

A. No. ParentPLUS loans are not eligible for City of Memphis contributions. Only federal and private student loans that are in the Program participant's name and used to pay for the participant's own higher education are eligible.

**Q. Who is eligible for the Student Loan Reduction Program?**

A. To qualify, an employee must be an active, full-time employee for at least 12 months prior to application.

**Q. What if I change roles, am I still eligible to receive a contribution?**

A. Yes, as long as an employee remains an active employee and maintain a "Meets Expectations" rating, an employee can be in any full-time role and still receive the contribution.

**Q. What if I go on a leave of absence, am I still eligible to receive contribution?**

A. If a participant goes on a leave of absence without pay for more than 30 days (unless it is approved FMLA), he/she will be suspended from the Program until they return from leave. The City of Memphis will not contribute monthly payments towards student loans while a participant is on leave. The participant will be reactivated into the Program upon their return.

**Q. For what reasons would this benefit be terminated?**

A. A City of Memphis employee's participation in the Student Loan Reduction Program will be terminated if the employee:

- No longer meets the Program's eligibility requirements
- Has paid off the loans that are selected for the Program
- Terminates employment with the City of Memphis, either voluntarily or involuntarily; or
- If the program is discontinued
- If program funding is discontinued

**Q. Is there a cap on how many employees can participate in the program?**

A. Yes. The program is subject to funding availability approved by City Council each year. Participants will be approved for the program on a first come first serve basis based upon the approved budget for the program that year. Participants will have to re-enroll in the program each fiscal year in order to keep receiving the benefit.

**ENROLLMENT AND ADMINISTRATION**

**Q. How do I request enrollment into the program?**
